Dear guests, colleagues, and friends,

- I would like to start by extending a warm welcome to all of you. We look forward to an exciting TCA in the coming days.
- As the Director of the School Administration in Sønderborg Municipality—a municipality that has big ambitions—I am excited that you are here. We have worked hard at creating the best possible conditions for learning outcome and generating a new and strong network amongst all of you.
- Our location in a border region gives us a unique opportunity to maintain a strong international outlook, which we highly value. Sønderborg is also proud to be recognized as a UNESCO Learning City, a designation that obliges us to continuously develop and improve our educational system through lifelong learning and global cooperation, which is why Erasmus+ is very meaningful to us.
- One of the fantastic ways we can enhance this international perspective is through the Erasmus+ program.
- It provides us with an excellent opportunity to work across borders, inspire one another, and learn from each other just like this TCA.
- I hope you will find inspiration in the discussions and activities we have planned.
- Once again, welcome. I look forward to the coming days, and I am eager to learn from all of you.

Thank you.
